CALL FOR PAPERS

EEPES 2027

IEEE *Xplore*® *Digital Library*

IEEE

About

The conference is aimed at providing a vibrant platform for sharing ideas among researchers and practitioners from both industry and academia working on state-of-the-art research and development in all areas of physics and allied technology, such as Engineering Physics, Computer Science, Telecommunications, Electronics, Renewable Energy, Mathematics and Smart materials, etc. EEPES 2027 welcomes all high-quality research papers and presentations from related research fields. The conference will be in HYBRID mode – face to face and/or virtual.

Indexing and Publishing

IEEE holds the copyright for the conference proceedings. The **EEPES 2027** papers that meet the quality criteria will be submitted for inclusion in the **IEEE Xplore** ® *Digital Library* and to Scopus and ISI Web of Science (Clarivate) for indexing.

Main Topics

- Telecommunication Systems
- Applied and Engineering Physics
- Renewable Energy and Green Technologies
- Biomedical Engineering
- Electronics, Power Electronics and EMC
- Information Technologies and Artificial Intelligence
- Energy Efficiency and Applied Thermodynamics
- Optical and Electromagnetic Communication
- Mechatronics and Industrial Automation
- Automotive Engineering and E-vehicles
- Engineering Education and Engineering Managemen
- Advanced Education and Training in Engineering
- Project Dissemination
- Special Session
